Terra West is a great company. My company Straight Stripe works with them bidding estimates for their HOA's in Asphalt Maintenance. They are always upfront and honest with me. They always response in a timely manner if I have anything questions. Which helps me get out accurate estimates. Thank you for what you do. I know it isn't easy.

All I can say is “Good Luck” They have harassed me over several things that I have not done. I have been trying for 4 months just to get someone to fix my weather stripping around my door it has lowered the temp about 10 degrees in my living room. I have called them about 5 times and have NEVER heard back from them. If you can get away from this company, DO! I am looking to move mainly so I can get away from this dishonest company.

DO NOT RENT IF TERRA WEST IS YOUR HOA. Terra west will lower your property value. SELL IMMEDIATELY IF THEY ARE BECOMING A PART OF YOUR LIFE
